

The Offshore Pool Difference

So, hopefully you have taken the time to review and digest some of the information provided for you on our website. Your next question may be “What makes OFFSHORE POOLS different than the competition”?

1. **OFFSHORE POOLS uses no salesmen.** You meet directly with the owner, so that there is no miscommunication or confusion with what was said at your sales appointment and “No up-selling or pressure”.
2. **OFFSHORE POOLS uses *no* sub-contractors** for excavation, installation, masonry, plumbing, etc.; everything is done in-house by our own staff and employees.
3. **OFFSHORE POOLS has installed thousands of** pools in central New Jersey with an extensive referral list that is presented to you at your *free*, in-home appointment so that you will have the opportunity to choose which of our previous clients you would like to contact with any questions or concerns in regards to our company and their experience with our company and our final product.
4. **OFFSHORE POOLS works hand and hand with all our customers,** from design to completion in order to provide, by far, the highest quality of service and dependability in the industry.
5. **OFFSHORE POOLS has a great reputation** and is unmatched for the finest workmanship, highest quality products, timely work, and affordable prices in the industry. Our ultimate goal is to make your experience an easy and enjoyable one with a finished product our customers, as well as ourselves, can be proud of.
