OFFSHORE POOLS
Thanks you for all your business and we look forward to opening your pool in the spring. Have a great winter

Homeowner's Responsibilities

- Homeowner must have all winter items poolside i.e.: Cover, cover bag, blow out tubes, plugs, and any other winterization items necessary.
- If you have a winter safety cover with ANY type of drainage you must lower your water level to 6-8" below the bottom of the skimmer by way of main drain on backwash. You **MUST CLOSE OFF ALL VALVES EXCEPT THE MAIN DRAIN VALVE** to insure that the water goes below the skimmer.
***POOLS WITH WATER BAG COVERS AND COVERS THAT REQUIRE YOU TO PUMP WATER OFF OF DURING THE WINTER DO NOT NEED TO LOWER THEIR WATER LEVEL**
- Please leave a check in a Ziplock baggie taped to the filter and the filter only. If there is no check we will put the balance on the cc you left for deposit. If there is no cc on file we will not be able to close your pool and there will be a \$35.00 return trip fee.

NOTE: ALL POOL EQUIPMENT REMOVED WILL BE LEFT POOL SIDE FOR HOMEOWNER TO STORE.

NOTICE: MAKE SURE TO TAKE OUT YOUR TIMER CLIPS SO THAT THE FILTER DOES NOT KICK ON THE NEXT MORNING. DETACH AND SEND BOTTOM PORTION IN WITH YOUR DEPOSIT AND KEEP TOP PORTION FOR YOUR INSTRUCTIONS
